## Coffee Hour to Kick Off Red Cross Drive

A two o'clock coffee hour sponsored by the Grayling State Bank will be held at Chief Shoppengons Motor Hotel Monday, October 18, for Red Cross officers and volunteers to kick off the annual fund raising campaign.

District Chairmen for the October 18 Red Cross fund drive are as follows: Campaign Chairman Mrs. Leslie Goss announced this week: For the residential district of Grayling, Kathy White, for the business district, Phyllis Rockelman Armstrong, who has also accepted the special groups chairmanship for Grayling Township (Carroll Goss), for Frederic Township Diane Phillips, for Beaver Creek Township Mrs. Ben Garland, for Lovells Township Mrs. Tom Morris, for Maple Forest Township the Maple Forest Home Study Group and Mrs. Hazen Hatfield for Grayling South Side.

When these ladies or their helpers call on you will you please give generously. Red Cross can only help with your help. So often we hear "I have no use for Red Cross." They sold me a tooth brush when I was in the service during World War II." Let us remember that in an organization as large as the Red Cross there are bound to be some individuals who don't live up to the letter of Red Cross ideals. Let us remember too, that the war in question was 20 years ago. Right now the local Home Service chairman is concerned with assisting the young men from our county who are in the service presently. This costs money as do the maintenance of the county loan closet and the blood program. On the national level part of the money donated locally goes to assist victims of disasters such as the Alaskan earthquake and the many, many hurricanes and floods. When Red Cross is there you are there with your contribution.

## ADULT CLASSES IN 'NEW MATH'

A series of instructions on the "New Math" is being given at the Grayling Elementary School by Dr. Harris of the mathematics department of Central Michigan University, Mt. Pleasant.

The lessons for the Elementary School and St. Mary's faculties started on October 13th in the multi-purpose room and are to be given on October 20th and 27th and November 10th as well. Teachers are to be given the instructions from 3:30 to 5 p. m. on these dates and all others who are interested from 7:30 to 8:30 or 9 p. m. on these same dates.

The schedule for these instructions wasn't set up in time to be printed in last week's issue of the Avalanche so notification slips to parents were sent home with the students. This does not mean that only parents are invited to attend. Everyone is welcome.

The new math is presently being taught in the first through fifth grades at the Elementary School. It was begun when the present fifth grade was the first and classes have been added each year from the first grade on. It will include the sixth grade next year, and so on until all classes are covered.

## Crawford County Tourist Information

Fall color is at a peak and all roads through our county show autumn colors at their best.

Canoing is especially rewarding on our streams with color, wildlife, and wildlife to be seen on every curve of the rivers.

Archers are seeing many deer, and many does have been taken in the highlands where the season crop is good.

This year "Pats" are showing up in unexpected numbers and birds are more plentiful than last year. Look for them in Oakes and Aspen, Maple, and Birch.

Mr. and Mrs. LeRoy Akers, Lynn Marie and Mary Beth took their son Larry Lee to the University Hospital at Ann Arbor Thursday and Friday for a checkup. While Larry was away Onalee and Bea were back in the newspaper.

## Let's All Help Clean Up Grayling

Within the past two weeks, members of the Citizen Participation Committee have been contacting people to try to urge them to clean up junk etc. out of their yards. Many people have shown wonderful cooperation and have given their premises a thorough going over. There is felt a more positive feeling of Community Pride in Grayling than there was last spring. Many people didn't like the idea last spring and are now offering to help. This shows we are a progressive community and one that is looking ahead.

In order to be re-certified in Washington in April, on our Workable program, we must show real progress on the Clean up, the zoning, and ordinance enforcement. When Grayling is certified in Washington, it means much more to each of you. We are eligible for Federal grants and loans, for Farm Home Loans, FHA financing, and many other means of borrowing money and getting community and private improvements. These are not hard out but means of low income people borrowing the money to make their home a place they can be justly proud of. Everyone wants, or at least should want, a nice home to raise their family in.

Some of the Federal programs of the low income family this opportunity. If you have an old shed or dilapidated buildings which you would like to get rid of call either 348-9814 Housing Commission or City Hall 348-2131 and we will work with you to dispose of it.

On October 25th, the City employees will pick up brush, old bed springs, scrap, etc. which you have accumulated since spring and have no way to dispose of. Put your pile of junk at the curb in front of your house on the evening before the 25th of Oct. and the City trucks will pick it up on the 25th. This will be the only day that they will be picking up so if you have something you want picked up, have it out in time.

Please stand back and take a good look at your buildings and yard and see if there isn't something else you can do to improve it just a little more.

Thank you for your cooperation Housing Commission

## Former Resident Succumbs

Word has been received here of the death of Mrs. Henrietta Phelps Sunday in Saginaw. A committal service was to have been held Wednesday afternoon at Elmwood Cemetery here at 2:30 p. m. with the Rev. John W. Smith officiating.

Scoring their second straight conference victory last Friday night by stopping the Mancelona Ironmen 19 to 7, the Grayling Vikings climbed into a second-place tie in the loop with the Charlevoix Rayders. The Boyne City Ramblers lead the conference with three straight victories.

Besides Grayling's victory here last Friday night over Mancelona, Boyne City walloped the Harbor Springs Rams 44 to 13, Gaylord stopped East Jordan 13 to 0 and Charlevoix laid it on to Pellston 37 to 6.

This Friday night besides the Viking-Blue Devil traditional clash at Gaylord, Boyne City will be at Charlevoix in a big one, East Jordan travels to Mancelona and Pellston moves into Harbor Springs.

Friday night on a soggy gridiron and under scattered showers, the Vikings and Ironmen played a scoreless first half. Most of the play was on the Mancelona end of the field but Grayling was unable to score. Mancelona had the ball for just four plays across the 50 yard line. That was following the blocking of the Viking punt.

Grayling penetrated several times into deep Mancelona territory only to have the Ironmen go into a gap-8 goal line defense which seemed to confuse the Grayling front line blocking assignment.

Early in the third quarter, Grayling got a drive started mostly with running plays with Dave Nethers carrying most of the load. From the twenty yard line, Grayling quarterback Pat Thompson lofted a pass to Bob Smock for the score. The try for point was missed and Grayling took a 6 to 0 lead.

In the fourth quarter, Grayling got another drive moving, stalling the Ironmen. Dave Nethers took a pass on the Mancelona yard line on a fine reception to set up Grayling's next TD. Thompson moved to the one on a quarterback option and then scored on a sneak up the middle following Steve Englund, Mike Corlew and Bruce Feldhauser as they charged. Again the point was missed and Grayling took a 12 to 0 lead with a minute to go in the ball game.

Following the kickoff to Mancy, Grayling again scored as Nethers gathered in at Mancelona aerial and raced 50 yards into the end zone. A pass from Thompson to Pete Funk added the extra point and Grayling led 19-0 with 40 seconds on the clock.

## RITES READ FOR ELIZABETH HORTON

Final rites were read for Mrs. Elizabeth Horton of Frederic Monday afternoon at 2 o'clock. October 11th, at the Sorenson Funeral Home in Grayling. Elder Roy Newberry officiated. Music was provided by Mrs. Harris Jespersen. A special prayer was given by the Rev. Arnold Pemberton. Burial was in Elmwood Cemetery with Ace Lehg, Elmer Corsaut, Morrie Post, Albert Madill, Warren Harner and Arvie Cox serving as pallbearers.

Mrs. Horton was born in Frankfort, Michigan, on January 21, 1892 to Sarah E. and Wright Hunt. Her father died and with her mother and stepfather she moved to Frederic at the age of five. She was graduated from Frederic High School as salutatorian in 1907 and attended summer school at Mt. Pleasant. In 1908-09 she taught kindergarten through the eighth grades at Pere Cherney on a special permit and commented she had a time keeping ahead of the students in algebra and history as she didn't like these subjects.

While in Pere Cherney she boarded with the Penn family. She was married to Floyd Taylor on October 11, 1910 and to them a daughter Ethel was born.

On May 30, 1917 the deceased was married to William Rowell in Bay City and to them a son John was born. On October 9, 1949, she became the wife of Harry Horton who preceded her in death.

Mrs. Horton was a member of the Frederic Mom's Club and Firemen's Auxiliary, and the Reorganized Church of Latter Day Saints. Years back she used to collect for the Red Cross and other worthwhile causes in the entire Frederic area. She has been the Frederic correspondent for the Avalanche since 1933, as her mother had before her.

Mrs. Horton succumbed at the Otsego Memorial Hospital on Friday, October 8, 1965 where she had been taken from the Payton's Home for the Aged, Gaylord. She is survived by her daughter, Mrs. Ethel Pierce of North Abington, Mass., her son John Rowell of Lansing, four grandchildren, one great grandchild, a brother, Harry "Ben" Bunting of Encinitas, Calif., and numerous nieces and nephews.

Among those here to attend the services were Mrs. Ethel Pierce and John Rowell and his daughter and husband, Mr. and Mrs. Frank Fields.

Ironman junior halfback Larry Patton took the Grayling kickoff and after bobbling it around, found an avenue open up the side and went 80 yards for Mancy's only score. They added the extra point on a line plunge and the game ended 19 to 7.

Paul King was voted Grayling's outstanding player winning over several other players by a two vote margin. Grayling coach Mike Wieland encouraged fans to vote following the game for their idea of the outstanding Grayling performer.

Terry Wright turned in 7 tackles for Grayling with King and Funk both getting five. Jay Mathews and Funk each recovered a fumble and Nethers intercepted an Ironman pass. Nethers was Grayling's top ground gainer with 192 yards in 28 carries. King gained 37 yards in 9 attempts and Smock 30 on 5 carries. Thompson grabbed off 23 yards in 5 carries, one a sneak for a yard but also for 6 big points.

## More Families In Upper Brackets

NEW YORK—With most Crawford County families enjoying better earnings than ever before, many of them have moved into higher income brackets.

The upward shift has been taking place at all levels. As a result, the proportion of local families in the "over \$4,000" net income groups has increased and the proportion in the lower categories has gone down.

The changes are reported in a copyrighted study released by Sales Management. Its purpose was to gauge the relative market quality and potential of communities in all parts of the United States.

To do so, it had to determine how many families in each area were in each income bracket.

The survey takes a closer look at the so-called "average income" of each community to find out if it represents earnings that are well distributed among the population or if it consists of a few families with huge earnings compensating for many others with low incomes.

In Crawford County, it shows, some 49.3 percent of the households had spendable cash incomes of \$4,000 or more last year after paying their taxes.

This compares favorably with the local figure two years before, when a similar study was made. At that time, only 42.8 percent of the households were in the "over \$4,000" brackets.

The rate of increase in the period amounted to 15.1 percent.

Throughout the United States, the gain was 6.7 percent and, in the East-North-Central States, 4.8 percent.

Just where other segments of the local population fit, as to income groupings, is also brought out in the study.

It lists 155 households with net incomes of \$7,000 to \$10,000, 460 in the \$4,000 to \$7,000 bracket and 285 with disposable earnings of \$2,500 to \$4,000. The remainder are over \$10,000 or below \$2,500.

The Department of Commerce finds that economic growth in the United States is reducing the number of families in the poverty area. In the period of one year, it reports, nearly 500,000 of them have moved out of the income bracket below \$3,000. There remained, however, 8.4 million families at that level.

## BITS O' TALK

The Alvin Moores have received word from their son Richard that he has been promoted from Airman 1st class to Staff Sergeant in the Air Force, stationed at Davis Monthan AFB, Tucson, Arizona.

Mrs. A. L. Ballard is moving back to Alpena this week after spending the summer on the Au-Sable at the Skingyley cottage.

Mr. and Mrs. Charles Long left Sunday for Detroit, she to attend a style show and they to visit relatives, planning to return Wednesday.

The boys from Camp LaVictoire were to be guests of the Methodist Men's Club Wednesday evening for a showing of the Consumers Power Company film titled "Land of the Shining Waters."

Smorgasbord Sunday, October 17th, St. Mary's Hall, from 1-6p.m. Bring the family for a treat!

The lights were on at the Hideout weekend before last. The four vagabonds, Harold, Louise, daughter Doreen and granddaughter Sheryl came up again to enjoy the woods. "October seemed to be ushered in with March Winds and the May sun on the cheek," commented Mrs. Longdyke. A grand and glorious weekend it was for all the woods enthusiasts. Saturday was devoted to cruising through the trails and viewing the colorful countryside. Gus Middleton cruised around through the trails with us. Doreen helped Sheryl collect many colorful leaves and pressed them in waxed paper for her to take to kindergarten class, and to Sheryl's delight her exhibit made the bulletin board. Saturday night the Longdykes joined the throng at Lovell's Township Hall to partake of the delicious appetizing Harvest dinner put on by the Cheerful Givers Club. These ladies sure know how to put on a bounteous spread of a meal. Mr. and Mrs. Arthur Collins and Mr. and Mrs. Michael Collins were guests of the Longdykes for dinner. Evening was spent at the Collins Hacienda on K. P. Lake where Louise showed slides taken throughout the summer. Sunday found the Hideout occupants southbound to await the next trip up, which can't come too soon for them.

### Moose Lodge Activities

Members of the Legion of the Moose Club please note, the regular monthly meeting will be held this Saturday evening Oct. 16th, with a pancake supper, at 7 p.m. at the lodge basement.

The Legion of the Moose Frolic is this Sunday, Oct. 17 at Saginaw. Our next enrollment is Oct. 30th at the lodge. A team has been selected for the ceremonies, but no confirmation has been received as of this writing.

We're glad to see Sec'y. Alfred Hanson out of the hospital, and feeling well, but we're also sorry to report that John McLeod is in the hospital with a heart attack. We hope you're out and around soon John. Butch Foster's hand is coming along nicely. Charlie Geirke is still in the hospital.

Word has been received that Mr. and Mrs. Ray Waite are the proud parents of a new girl.

Elmer Neal starts a two-week leave from his duties at the club, starting this weekend.

This Friday night is regular meeting night. Gov. Art Stephenson has announced that social nite will be starting, possibly this meeting, Friday evening.

There will be an M.Y.O. meeting again this Wednesday.

Fourth quarter dues are past due. Grace period is up Oct. 15th, so check your receipt and make sure you are paid up.

There are over two million Moose Lodges in the United States, Canada and England. Your dues receipt is good in all these lodges, as long as you are in good standing. But more important are the children that your dues help support, and the things your lodge can do for your community.

Larry McNamara returned Tuesday of last week from a trip to Oba, Ontario, moose hunting with Oza Bissonette and Elmer Viten-gruber of Bay City. No luck. Mrs. McNamara, Mrs. Bill LaChapelle and daughter Monica and Miss Nancy Burns spent Thursday in Bay City on business.

Mrs. John Hodge of Lewiston is a patient at Mercy Hospital. Her daughter Mrs. Peter Wickham and son Richard of Bad Axe have been visiting her there.

Mr. and Mrs. Clem Demick, Mrs. Annabelle Hosmer, Mr. Floyd Bouslay, Mr. and Mrs. Oscar Beattie, Mrs. Mildred Bouslay and son Wayne, all of Wyandotte, helped Mrs. Susie Bouslay celebrate her 80th birthday September 20th.

Mr. and Mrs. Sam Lippard spent several days the past two weeks visiting their daughter, Mr. and Mrs. Donald Richmond and family in Roseville, his mother, Mrs. Ethel Lippard in Cheboygan and her sister and family the Ed-Hallmans in Saginaw.

Mr. and Mrs. Don Denton, Jr. and sons Kent and Brock returned Sunday from a three-week trip to Hampton, Va. where they visited her sister the Gerald Worden family, then going on to Jeffersonville, Ind., to visit the Richard Hills. On the way home they stopped off at St. Clair Shores and called on the James DeVines and the Bob Papendicks.

Mrs. Glen Raup, Mrs. Richard Thompson, Mrs. Jim LaGrow and

Betty LaChapelle returned home Wednesday of last week from Norfolk, Va., where they had attended the wedding of Thomas H. Snively to Susan Forest on October 2nd at the McKendree Methodist Church. Tom is Mrs. Raup's grandson and the son of Ervin and Marguerite LaChapelle Snively.

Enroute to Virginia the ladies made a stop in Washington, D. C. to visit President Kennedy's grave at Arlington Cemetery, along with points of interest. Coming home they came over the Skyline Drive in the Shenandoah Valley.

What was beautiful with color at this time of the year. There was no haze to speak of so they could see mountains on the valley rim for miles. Tuesday night was spent in Wyandotte with Annabelle Hosmer (Betty's sister) where the whole Bouslay clan came with a potluck dinner to celebrate Donald Hosmer's 15th birthday. So many goodies and such a wonderful time which will provide memories to last a long time.

Smorgasbord Sunday, October 17th, St. Mary's Hall, from 1-6p.m. Bring the family for a treat!

A group representing the Pioneers of the Lutheran Church of Waukegan, Ill. were in Grayling over the weekend to cut a truckload of Scotch pine Christmas trees on the Wesley Kumpula tree farm, which they will sell for funds for their church youth program. Those making the trip were George Hella, James Natale, Arthur Bandman, Ted Harms, Ann Vikre, Kenneth Jarri, and Mr. and Mrs. Gordon Kumpula.

In Michigan,  
after golf  
beer's the one...  
for good taste,  
good fun

After a hard-played 18 holes, it's good to settle down on a soft chair in the club house and add up the score with friends. What better time for the drink that scores with almost every golfer—cool, thirst-quenching beer? Yes, beer's great to relax with, great for refreshment, great for taste. So whatever your sport—boating or baseball—swimming or tennis—relax afterwards with the zestful taste of beer.

## FORMER RESIDENT CAPTURES ESCAPEE

A story in the Marquette Journal tells of the recent capture of two fugitives from a conservation-camp in the Upper Peninsula, Dale Olson, 23, who fled Camp Baraga near L'Anse on a Thursday and Kenneth Alexander, who escaped from Camp Cusino in Alger County Aug. 31. Olson was shot by State Police Trooper Charles Feldhauser following a fight in which Olson attacked the officer with a butcher knife. A phone call to state police concerning some hollering at the home of Batiste DellAngelo brought officers on patrol in the area to the home.

Trooper Feldhauser arrived first and knocked at the door. When no one answered, he opened the door and was confronted by the convict, who was wielding an eight-inch butcher knife and lunged at the officer. The trooper had noticed a man tied up on the dayport, and was reluctant to shoot for fear of wounding someone else in the house.

Feldhauser managed to ward off the convict's attacks and jabs with the knife and pursuing and scuffling with him, the two wound up out doors. A warning shot was fired which Olson ignored, and a second shot from about 30 feet hit the convict in the lower back. He is now in Marquette prison hospital.

Olson had struck the home owner, DellAngelo on the head with an axe on his return home, and tied him up with clothesline. Marquette Post Commander Glenn E. Foster commended Trooper Feldhauser and stated he acted very courageously, resorting to firearms only after every other avenue was closed. Trooper Feldhauser is the son of the Paul Feldhausers of this city.

# Introducing the tuned car. 1966 Buick.

What makes a car a car is styling, performance, ride and handling. Only when they're all tuned together is the car a Buick. Like this 1966 Riviera Gran Sport.

You know how well your car's engine runs after a tuneup? Buick tuning has the same effect on the whole car. Not just the engine. The whole Buick. Everything blends with everything else. Styling. Performance. Ride. Handling. All tuned to work together in harmony. That's what the tuned car is. A Buick. Only Buick is the tuned car. (And every Buick is the tuned car.) What the tuned car is a masterful blending of all the things that make a great car greater. The Riviera for 1966 is the tuned car. It features six-passenger seating, disappearing headlights, a silently efficient new ventilation system and the kind of roadworthiness you'd expect in a car that costs twice as much. (You can get a Riviera for your desk as well as your garage. Send \$1 in check or money order to Riviera, P.O. Box 68, Troy, Mich., for an accurate 1/25 scale model '66 Riviera.) But Riviera's not the only tuned car. LeSabre is, too. And Wildcat. Electra 225. Special. Skylark. Sportwagon. See them all at your Buick dealer's. The tuned car may not mean much to you now. But then you haven't had a chance to drive one yet.

Wouldn't you really rather have a Buick?

There's an authorized Buick dealer near you. See his Double Checked used cars, too.

## Education Must Adapt . . .

One of the principal matters given national discussion and attention today is how to raise the incomes of those in the below-average brackets. A good many people, because of the vast amount of publicity given the Administration's war on poverty program (poverty being defined as a family income of under \$3,000), probably think this is primarily or even wholly a problem that the federal government must deal with. But others, who have analyzed the needs in all of their ramifications, find no such simple solution. The federal government will help—but all other segments of our society, including business and local government, must make their contributions and on a big scale if the goal is to be reached.

A new and interesting discussion of the problem has come from the Committee for Economic Development under the title of "Raising Low Incomes Through Improved Education". Its premise is that improvement in education (by which it means "education better adapted to the capacities, interests, and needs of individuals in the changing world in which they live") is "an important thing that can and should be done to better the lot of those with lowest incomes . . ." However, it goes on to say that it is not the only thing. For instance, to quote the report again, "Obstacles to the employment of people in their most productive occupations need to be reduced—including those resulting from racial discrimination, from union barriers against entry, and from artificially maintained wage rates."

The need, it also finds, is not just to improve education. It is, as well, to keep pace with the forces in the economy that are constantly changing the character of the demand for labor. "Something we are not doing now. Furthermore, it stresses that the enlarged federal role in education of the past several years does not relieve others of their responsibilities in this area. It then makes a series of recommendations, including these:

More and better early education, beginning before kindergarten, should be provided for children who suffer the disadvantages of being reared in homes and neighborhoods that generate little learning and motivation.

States and school districts should modernize vocational training in the schools to bring it into line with occupational requirements where they can be foreseen.

States that have not done so should establish adequate systems of conveniently available educational institutions beyond high school—junior colleges, community colleges, or technical institutes.

Programs to eliminate adult illiteracy should be launched by citizens at the community level.

More use should be made of the capacities of business for training workers and developing more effective methods of education and training.

This report, like other studies of the matter, recognizes that, in too many instances, our educational systems and institutions are not coping adequately with the problems of technological advance. In other words, they are not doing a sufficient job of preparing young people for the kind of work for which there is a swelling need. Some skills have become obsolete—in other instances the demand for people with currently wanted skills exceeds the supply. Education must be adapted to that fact.

October 15, 1942

G. Donald Kennedy, State Highway Commissioner, signed the state-wide 35-mile per hour traffic control order this week. The order states that effective October 12 it will be illegal to exceed 35 miles per hour on Michigan highways.

Mr. R. B. McDonald, owner of an island in the AuSable River in the region of the mouth of the North Branch, was about to construct a power dam, to generate electric power for the use of the McDonalds and members of the club that are established there. The dam would cross the river at a narrow point alongside of the island. On the opposite side is a channel into which the North Branch flows. In order for boats to pass down the river they would have to be floated thru a narrow flume and in that way there would be possibly slight inconvenience to the voyagers. Now, according to some, the establishment of such a dam might become an impetus for the construction of more and perhaps many similar dams. Apparently Mr. McDonald believed he was within his rights and had no thought of starting something that might induce contention. Such a proposal must first be submitted to the board of supervisors and published in a newspaper in the county where the work is to be done and in order to proceed it will be necessary to start over.

Last Saturday Grayling's football team came home with their second conference win, when they defeated the highly touted Boyne City eleven 7 to 6. This was the first loss of the season for the Boyne aggregation. They have beaten Petoskey, Cheboygan and Charlevoix on previous Saturdays.

The first casualty from war combat to come to a Crawford County boy was that of Sgt. Harold C. Floeter, son of Mr. William G. Floeter of South Branch township. A. J. Nelson, Ronnow Hanson, James Post and Gerald Herrick left Wednesday night for Ithaca to hunt pheasants for a couple of days.

Mr. and Mrs. Clifford Merrill and daughter and two sons of Bay City were guests of Mr. and Mrs. Harley Russell over the weekend. Both were former Grayling residents, and Mrs. Merrill will be remembered as Eleanor Streeter.

Pierson Spaulding of Midland and his guest Ted Nelson of Grayling spent last week at the Spaulding cabin. Pierson has enlisted in the army and

left Oct. 13th to enter the metallurgical division.

Roy Hartman from Camp Knox was the guest of his parents Mr. and Mrs. Fred Hartman for several days last week.

Miss Eugenia Wheeler is the new waitress at Hunters Dairy Bar.

Edwin Sorenson, son of Mr. and Mrs. Harry Sorenson, was home from Grosse Ile, where he is serving the navy, Sunday.

The Alfred Stephan family has moved to Lake Orion so to be near Mr. Stephan's work as he is employed in a defense plant in Pontiac.

Lloyd Ingram of Flint visited in Grayling a couple of days last week with his aunt Mrs. Roy Wolcott before leaving for Camp Custer Tuesday.

Mr. and Mrs. Augustus Funch left Friday for Detroit where they were joined by their son Edwin, going from there to Rantoul, Ill., to visit their son Robert who is stationed at Chanute Field.

Miss Elsie Mae LaMotte has resigned her job as clerk at the Ben Franklin store to accept a position as bookkeeper at the Dore Manufacturing Company.

Word has been received from Frank May that he has been promoted to staff sergeant and has been transferred to Nashville, Tenn., from Fort Leonard Wood, Mo.

Sam Bailey and Frank Gross of Ann Arbor were weekend guests of

Mr. and Mrs. Harley Kennedy. The former's sister, Miss Delores Bailey, returned home with them after spending the last few weeks visiting here.

Mrs. Lee Perrigo of Saginaw returned Monday morning with Mrs. Eggle Bugby and daughter Miss Joyce. Mrs. Perrigo hopes to go pheasant hunting with her father the first of the season before returning home with her husband who will come to spend the weekend.

Beatrice Decker, Evelyn Gallo-way, Marjorie Wakeley, Phyllis Newell and Beatrice Brown were the guests of Evelyn Cantwell at the home of her parents, Mr. and Mrs. Jesse F. Warner of Hartwick Pines camp Saturday, Oct. 10, it being her 13th birthday. She received many lovely gifts.

Harold Hatfield explains the injuries he received at the Boyne City football game Saturday by saying he "was in the wrong place at the wrong time." He had three teeth cracked and his right ankle rather badly sprained. Hope you are more careful next time where you are and when, Harold.

Mrs. Augusta Walt and Mrs. Wilfred Cohen of Detroit were here for over the weekend closing their cottage at Lake Margrethe.

The following young men went to Detroit to the Induction Center October 10 for their final medical examination, passed and are on their two weeks' furlough before

reporting to Fort Custer—Hennig, Adolph Knudsen, Arthur Letoy Decker, Theodore John Calahan, Howard Joseph Smock, Clifford John Horton and Elmer George Kellogg, Grayling, Alfred Letoy Armstrong, William Martin Armstrong and Raymond Burnheart Johnston, Frederic.

Miss Joyce Kendall returned to her home in Manton Wednesday to

remain for the present. Miss Thelma Papendick will take over her duties at Hanson's Sporting Goods store.

Mrs. Jay O'Dell and Mrs. Carl Olson of Frederic spent Saturday in Beaverton.

Mrs. Edna McEvers left Saturday for Bay City to spend a week with the families of her sons Roy (Continued on Page Eight)

## NO WINDOW VENTS IN NEW RIVIERA

Buick's 1966 Riviera introduces an entirely new ventilation system, eliminating the familiar side window vents. Another feature is the new headlight design. When not in use the lamps are out of sight behind the grille. When turned on they drop down into driving position. Parking lamps and turn signals located in the fenders emphasize the width of the new grille. Power plant for this car is Buick's 425 cubic inch V-8 with a new quadrajet carburetor for better performance.

## Attend The Church Of Your Choice

THE CHURCH FOR ALL  
ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## 1966 Ambassadors Introduced

Power operated tops become standard equipment on all 1966 Rambler convertibles. The Ambassador 990 convertible, shown here, and Classic 770 convertible, will feature new flexible-glass rear windows. The new window provides high visibility, is impervious to scratching, discoloration, creases or ripples, and the top can be raised or lowered with the window fully zipped-up.

### COUNTY GETS \$2,867 FROM FEDERAL FOREST

Milwaukee, Wis. — "A harvest of \$2,226,349.11 was realized on the National Forests in the North Central Region during the fiscal year that ended on June 30, 1965, and checks amounting to 25% of it—\$556,587.27—were sent recently from the U. S. Treasury to State Treasuries in Illinois, Indiana, Iowa, Michigan, Minnesota, Missouri, North Dakota, Ohio, and Wisconsin," announced Regional Forester George S. James, today.

Crawford County's share from the Huron National Forest was \$2,867.05.

Under federal law, the 25% payments to the States are shared among counties in proportion to National Forest acreages in the counties. The counties' shares are invested in county schools and roads. Primary recipients have given assurance to the Federal Government to comply with Title VI of the Civil Rights Act, and that the benefits of these programs are available to all citizens without regard to race, color, or national origin. The payments represent 25% of

the total annual collections derived from the resources and uses of the National Forests: sales of timber, permit fees for grazing, camping fees—introduced last year on certain campgrounds—and special-use permit fees for power lines, minerals, and other land uses.
